IMPORTANT MESSAGES

In order to serve you better, we are simplifying our invoicing process. That is, our invoices will now reflect the Waste Management Legal Entity associated with the business providing your services. The legal entity is shown on the return address of the remittance coupon included on the first page of your invoice. Although your invoice may not include the Doing Business As (DBA) name you have seen in the past, please rest assured that you will continue to receive the same great service from your local Waste Management team. Also for your convenience, we have attached a representative Internal Revenue Service Form W-9, Request for Taxpayer Identification and Certification. The attached W-9 contains correct and accurate information for your true service provider, certified by a member of our Tax Department. Please note that the Form W-9 reflects the corporate office address of the legal entity in accordance with the Internal Revenue Service Instructions. The Remittance Coupon also includes a new "pay-to" entity, WM Corporate Services, Inc. as Payment Agent that will be used throughout most Waste Management Companies. If you have locations in different parts of the country, you may notice different remit to addresses based on your service location. These remittance locations have been selected to expedite the receipt and posting of your payments to minimize the risk of service interruption. We recognize that these changes may require updates to your Accounts Payable records so we will continue to process payments made to previous Waste Management business but we ask that you implement these changes to your systems over the next 60 to 90 days. Thank you for your continued business!

States the date payment is due to Waste Management. Anything beyond that date may incur additional charges. Your **Total Due** is the total amount of current charges and any previous unpaid balances combined.

2

Previous balance is the total due from your previous invoice. We subtract any **Payments Received/Adjustments** and add your **Current Charges** from this billing cycle to get a **Total Due** on this invoice.
